Attorneys and clients are required to attend docket sounding and case scheduling unless excused by the Court or unless a negotiated plea is already set to be heard before the start of the trial period. If a plea agreement is reached and time is not available on JACS, please call the JA and she will make every effort to schedule it either before docket sounding or during the week between docket sounding and plea cut off. Jail inmates are not transported to docket sounding unless the attorney contacts the JA. Inmate pleas announced at docket sounding are normally set the following Thursday jail day.
